

CocoCommerce, Inc.

CocoCommerce, Inc. is an information technology product and service provider focusing on end-to-end transaction settlement and value added fulfillment infrastructure. Our proprietary COCOXT™ software is the integral link to the fulfillment chain. Our products and services aim to achieve higher revenue and cost efficiency at a control and managed risk.

CocoCommerce, Inc. offers its standard transaction settlement and value added fulfillment software on a user license basis. The product/service can be delivered on an application service provider (ASP) method or by software installation.

Call us at 1-877-710-COCO or visit our Sales & Marketing website www.cocomerence.com.

COCOXT™ - Value Proposition

- Single source accountability for all transaction activities.
